“... Zeit für 800 Folien”

Autonomy, Control, and Velocity for processes where quality, consistency, and trust are non-negotiable.

Insurance - Claims Processing

Claims

Alice and her brother Bob booked a trip to Spain. Unfortunately, Bob got the flu.

I lost my passport and, therefore, I was not able to travel.

...

Terms & Conditions (T&C)

Contract

Definition of Words:

Close Relative: Your spouse, partner, parent, parent-in-law, grandparent, child, grandchild, brother, ...

What is covered?

1. The policyholder is covered for any claim arising from or attributable to sickness or death of you, your travelling companion or a close relative...

What is not covered?

1. If you lost your passport and you were not able to go on the trip, you are not covered...

Coverage

“Raw” GenAI for Claims Processing

Analysis of Coverage

Relative

Mother, mother-in-law, father, father-in-law, sister, sister-in-law, brother, brother-in-law, wife, husband, civil partner, daughter, daughter-in-law, son, son-in-law, grandparent, grandparent-in-law, grandchild, step parent, step child, step sister, step brother, foster child, partner or fiancé/fiancée of an insured person.

the death, bodily injury or **illness** of:

cancellation due to the illness of a relative (cousin) and a friend. If a close relative (cousin) and a friend are both ill and need to travel (friend) is covered under Section 1 - cancellation to suggest any major exclusion applies. ☰

yes

1. **Cousin got the flu:** A cousin is explicitly defined as a **relative**. Illness of a relative is a covered reason for cancellation. The term "flu" falls under "illness" or "disease". ☰ ☰ ☰
2. **Close relative and friend got sick:** This would cover the *relative* (cousin) and a friend (whom you are travelling). ☰
